East Moline Police Department News Release

May 6, 2014

The East Moline Police Department will be conducting several traffic enforcement details from May 9-26, 2014.

Officers working the Safety Belt Enforcement Zone details will be checking drivers and all passengers to make sure they are wearing their seat belts. Officers will be issuing citations for speeding, impaired driving and for violations of the Child Passenger Protection Act as well. Several of these zones will be nighttime enforcement. We will also be conducting saturation patrols. Additionally, officers will be conducting a Roadside Safety Check.

These traffic campaigns are funded through a Sustained Traffic Enforcement Program (STEP) grant from the Illinois Department of Transportation.

The East Moline Police Department encourages everyone to buckle up, drive careful and most importantly refrain from driving while impaired. Have a safe and happy Memorial Day holiday.

If you should have any questions, please contact Captain John Reynolds at (309) 752-1552.
